Have a safe and Happy Holidays. Hope Christmas is good for you all...

#### Commander's Message Donna J. Mason, AP

Things are looking up. We have two people interested in becoming vessel safety checkers and one person has stepped up to become an instructor. If you've been considering either of these positions, please do join us—we can use MORE help! Also, I would like to see a full Safety Committee with people in our area available to spread the USPS safety message at fair booths, marinas, boat launches, and other special events where we can get free booth or card table space. For that, one need only be a member of our squadron and be willing to talk with people who stop by our table, hand out literature, class information, etc. Two people per event would be ideal. Interested?

The year is drawing to a close so quickly. I've noticed the older I get, the faster time flies, which happens to be the name of our boat, "Time Flies," so I guess we named that one appropriately! As I write this the day after Thanksgiving, I am so thankful for all the people who contribute to the success of our squadron.

Speaking of success, I understand our Nominations Committee is doing a great job filling the important positions for our squadron's new year in April. Thanks so much to those of you who have stepped up to fill a position.

I am looking forward to the Holiday Party and Lighted Boat Parade 10 December. We've reached seating capacity so it'll be another roaring party!

If you're looking for nautical-related books for gifts, here are a few suggestions: Body of Water: A Sage, a Seeker, and the World's Most Elusive Fish (bonefish)

by Chris Dombrowski; Tides: the Science and Spirit of the Ocean by Jonathan White (if you want to see the free author's presentation, go to Village Books in Fairhaven Feb. 21 at 7 p.m.); and Tranquility: A Memoir of an American Sailor (Pacific NW) by Billy Sparrow;

The days will be getting longer in less than a month!

Hope you and your family enjoy wonderful holidays, whichever holidays you celebrate.

Commander Donna Presents George Brooks his 50 year member certificate and Jean Brooks her Certificate of Appreciation

### December 10, LaConner Lighted Boat Parade & Squadron Holiday Party at LaConner Pub –

Time to celebrate! This also is our December Members Meeting. We have confirmed reservation space for 24 people. Have dinner and watch the Lighted Boat Parade from the waterfront restaurant. LaConner installed new walkways along the channel so there is more space for outside viewing. Dress warmly and in the holiday spirit. If you'd like to make a monetary contribution to the local food bank, a Food Bank collection box will be available. Parking is on-street. Carpooling is recommended and also reduces the

number of "designated drivers" needed. We've reached seating capacity.

The LaConner Pub and Eatery, 702 S. 1<sup>st</sup> Street,

5:30 p.m. Cocktails and Revelry

6:00-7:30 p.m. Watch the boat parade from the restaurant's outside deck or warmly inside while eating dinner. We'll provide cake for dessert.

Food: The LaConner Pub and Eatery will offer its full menu, including prime rib. See their menu at [www.laconnertavern.com](http://www.laconnertavern.com). Eat as much or as little as you wish.

**Saturday, December 17:** The Argosy Christmas Ship cruises from Shilshole Bay Marina in Seattle, boards at 2 p.m., cruises from 2:30 – 4:45 p.m. Several members were interested in a Seattle cruise (vs. the Kirkland one we have done). If you are interested, this fills up fast, so reserve your spot on the Christmas Ship Lead Boat (with chorus) at [www.argosycruises.com](http://www.argosycruises.com) or call 1-888-623-1445. Tickets: \$39 adult, \$35 senior, \$25 youth, children under 3 are free. If a group is interested, we could arrange for lunch at a nearby restaurant before the cruise. Please let me know if you are interested by December 3. So far we have 4 people interested.

### January 12, Cruise Planning Program at the Monthly Members Meeting.

January is just around the corner. Start gathering your thoughts for the January Member's 2017 Cruise Planning Meeting. Where would you like to rendezvous? At a dock or on the hook or some of each? Quiet places or festivals with lots of activities? Tried and true places or new adventures? Who will be rendezvous hosts? Share your wishes at the meeting so we can come up with a rendezvous schedule for 2017 that we'll all look forward to.

VERY HAPPY HOLIDAYS AND HAPPY NEW YEAR TO AND YOUR FAMILIES!

### The Short Story of the Pink Socks.

During our Tacoma train trip, George Johnson mentioned that he lost his most important cap: his USPS cap. When I was on the USPS website looking at the Ship's Store, I noticed that caps were on sale but they only had red or pink. I emailed George to let him know and he replied, "But I'd have to get pink socks!" At our last member's meeting at The Farmhouse, a brand new pair of men's pink socks mysteriously appeared at George's place setting. George modeled the socks (see photo). But, now will he buy the hat?

## Dues Increase

1 December 2016 - 30 November 2017

The United States Power Squadrons Governing Board voted to increase the 2017 Membership Year dues by \$2.00 for single members and \$3.00 for Family memberships. The resulting new dues values are:

	<u>National</u>	<u>District 16</u>
Single Member :	\$53.00	\$ 8.50
Family Unit:	\$79.50	\$12.75

(Add your individual squadron's dues for total membership amounts)

The good news is that the District 16 Dues have not increased!

The other good news is that with the added benefits that USPS has been able to secure for our members we can easily make up the small additional increase. Have you looked at the Members Benefit Committee page under the National Administrative Department?

No kidding, they actually have a little pirate's chest on the page to suggest there are treasures to be found. Member Benefits is right at the top left once you have logged on. Take a look, you might find a benefit that once taken advantage of will more than offset the increase in your dues.

I personally have seen a BIG discount by using my USPS membership for Office Depot/Office Max. What would have cost over \$25 turned out to be around \$4.50! And have you checked out the Solude Coffee? Take a look, you may find that treasure!

Where has 2016 gone? Are you still boating? Winter is an absolutely wonderful time to go boating. No crowds, abundance of wildlife, and empty marinas. What more could you want? Just remember to look at the weather before you leave your home port. Did you know that you can listen to NOAA weather radio on the web? Weather Underground has listed several weather stations in all 50 states on their website, <https://www.wunderground.com/wxradio/>. It's another great way to get the weather before you head out.

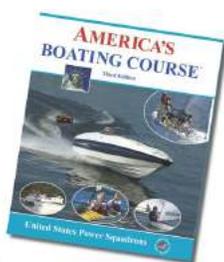

We have an ABC class scheduled for January 14 and 21. It will be held at the new YMCA in Stanwood. We are going to teach over two Saturdays from 10 am to 2 pm. Come and help! Please look for a flyer in the newsletter (next page) to print out and post in your neighborhood. Thanks for the help! We also have an Advanced Piloting course starting on Monday, January 9, at Anacortes Marina. Talk to Bob Miller for more information.

### License Renewals

If you operate a marine VHF radio, radar, or EPIRBs aboard a voluntary ship operating domestically, you are not required to renew your current license. Although a license is no longer required for these ships, you may still renew your license and retain your call sign.

The FCC will send you a Renewal Reminder Notice approximately 120 days prior to the expiration date of your license. You must submit FCC Form 605 along with the proper payment to renew your license.

If you send an application for renewal before your current license expires, you may continue to operate until the FCC acts on your application. You do not need a temporary permit but you should keep a copy of the renewal application you send the FCC.

You must stop transmitting as soon as your license expires, unless you have already sent your renewal application to the FCC.
